*Personal Protective Equipment

Proven all-weather protection for export-quality mango!

Amistar® syngenta®

syngenta®

For inquiries and information, write or call:
12/F Two World Square, #22 Upper McKinley Road
McKinley Town Center, Fort Bonifacio, Taguig City
1630 Philippines | Office Nos.: +63 (2) 370 2100

Pagdating sa proteksyon sa mangga, wala nang mas hihigit pa sa Amistar®. Subok na ligtas, subok sa matinding panahon, at subok sa haba ng proteksyon.

Amistar® Technology — ang subok na all-weather protection for export-quality mango!

Proven Performance • Superior Quality • Unique Services

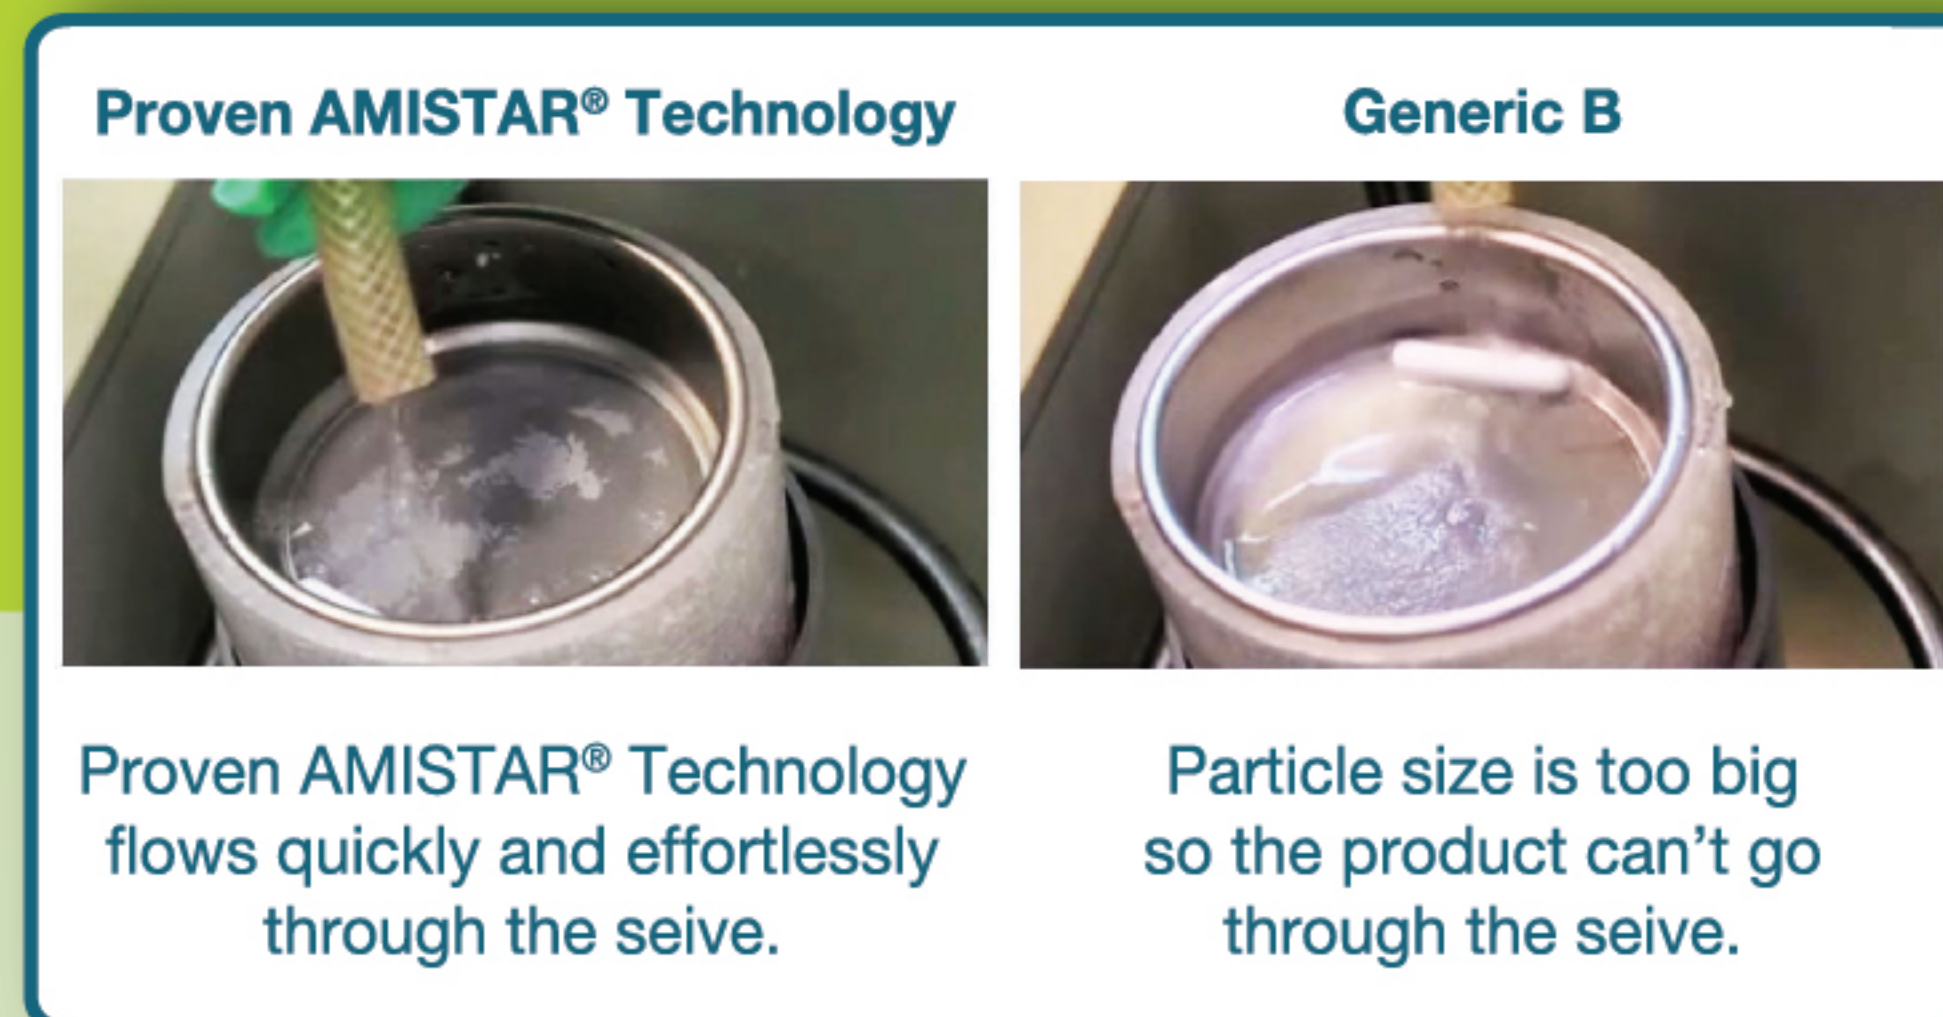

TM

How can you stay in control with Proven AMISTAR® Technology?

PARTICLE SIZE MATTERS

Test: Spray solution was poured through the sieves.

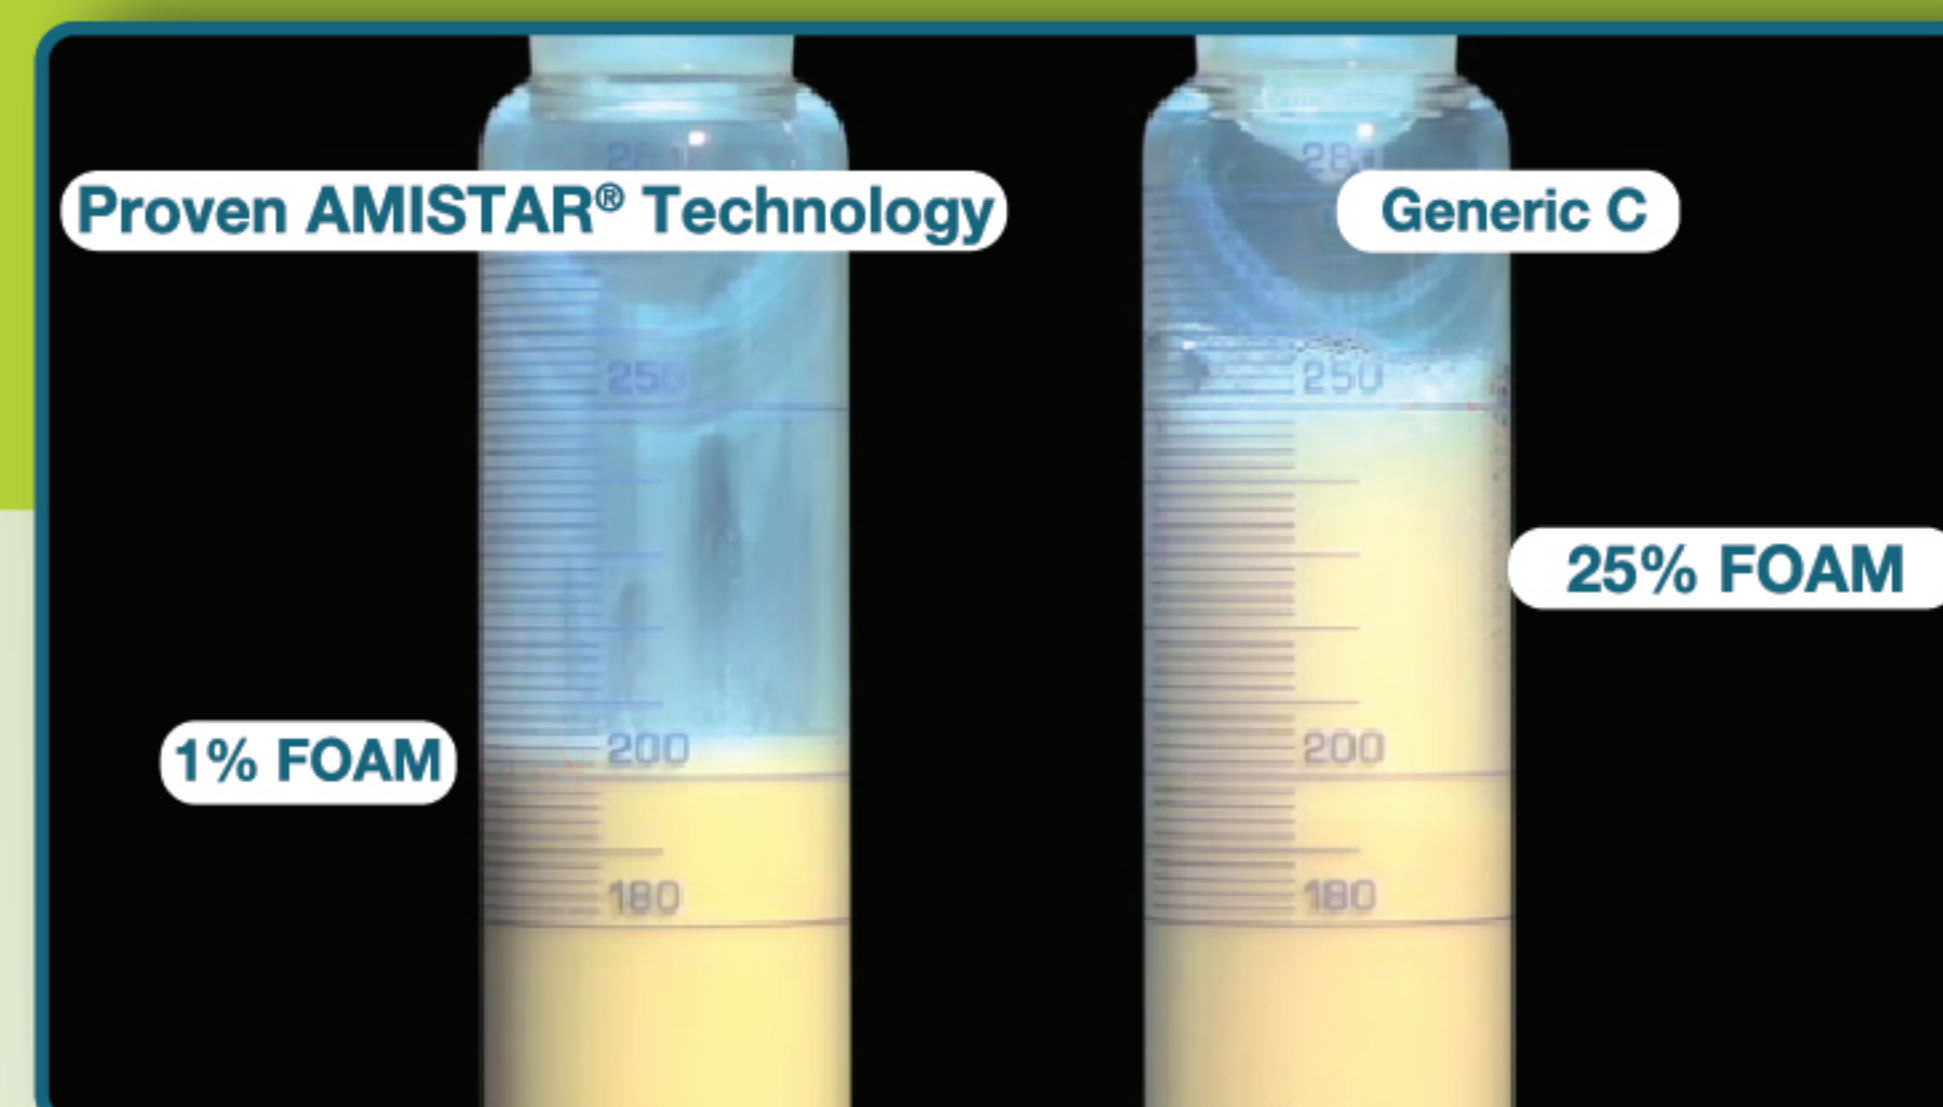

- Keep nozzles blockage free
- Reduce operator and environmental exposure
- Maximize fungicide application

WET FOAM MATTERS

Test: 3 rotations of spray solution in a tube container.

- Reduce spray solution
- Reduce operator and environmental exposure
- Reduce cleaning time

STORAGE STABILITY MATTERS

Test: Accelerated storage stability test (2 weeks at 54°C / 129°F) simulates two years storage at ambient temperature.

- Prevent separation
- Save time for the operator
- Maximize fungicide application
